

dhtt::NodeType

```
graph BT; A[dhtt_plugins::ThenBehavior] --> B[dhtt::NodeType];
```

The diagram illustrates a relationship between two classes. At the bottom is a gray rectangular box containing the text 'dhtt_plugins::ThenBehavior'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box with a black border at the top. This white box contains the text 'dhtt::NodeType'. This visualizes that 'dhtt_plugins::ThenBehavior' inherits from or is a specialization of 'dhtt::NodeType'.
