

dhtt::NodeType

```
graph BT; A[dhtt_plugins::TestBehavior] --> B[dhtt::NodeType]
```

The diagram illustrates a relationship between two classes. At the bottom is a gray rectangular box containing the text 'dhtt_plugins::TestBehavior'. A blue arrow points vertically upwards from the center of this box to the center of a white rectangular box at the top. The white box contains the text 'dhtt::NodeType'. This visualizes that 'dhtt_plugins::TestBehavior' inherits from or implements 'dhtt::NodeType'.
