

dhtt::Node

```
graph BT; A[dhtt::BranchPlugType] -.->|container| B[dhtt::Node];
```

The diagram illustrates an inheritance or container relationship between two classes. At the top is a white box labeled 'dhtt::Node'. Below it is a gray box labeled 'dhtt::BranchPlugType'. A dashed purple arrow points from the gray box up to the white box, with the word 'container' written next to the arrow.
